## 描述

---

Reshape FX是对音频输入进行实时处理的效果版本。你可以选择多种效果，对声源进行处理。你可以插入到DAW的效果处理链中处理你的虚拟乐器、实时输入或录音轨道。它的乐趣就像现场的DJ效果样。

Reshape FX is the effect version for processing real-time audio input. It allows the same multi-effect processing for the sound sources of your choice. You can insert it in the effect process chain of your DAW to process your virtual instruments, live input or recorded tracks. It is especially fun as live DJ effects.
