QUANTUM LEAP GYPSY

描述

EASTWEST/QUANTUM LEAP GYPSY features a collection of extremely detailed

Gypsy style virtual instruments capable of playing completely realistic performances. Gypsy is essential for film, TV and game composers.

The nylon string guitar, violin and trombone can play in both Gypsy and Classical styles. In the classical realm these three instruments are unparalleled in the sampling world in terms of playability, diversity and sound quality.

The new king of sampled violins has arrived. The violin and trombone feature many articulations, repetitions and even true legato intervals. All of the guitars were sampled with up and down strokes, many velocities and picking styles, release trails, chords and effects. **GYPSY's guitars** sound incredible and were played by one of the best session guitarists in Los Angeles, David Kole.

The accordions feature many different setups, all with air flow in and out samples, as well as expressive samples, chords, and left hand bass.

GYPSY also has a very cool **GYPSY percussion program** and **two flamenco dancers** (foot stomps, as well as traditional castanets).

GYPSY also features an incredible **bandoneon and cimbalom**, two very rare instruments.

With the combination of Gypsy, Ra and Silk collections you have the most detailed and expressive ethnic instruments ever produced.
