Mastering Equalizer

概要描述

Sonoris Mastering Equalizer是款参数均衡器。

描述

Sonoris Mastering Equalizer是款参数均衡器，支持Windows和Mac平台，提供了VST、VST3、AU、AAX和RTAS格式。每个频段都有可选的线性相位或小相位操作方式。插件适用于混音，特别适用于母带处理，具有7个频段，包括低通、高通、峰值和搁板式滤波器。

The Sonoris Mastering Equalizer (SMEQ) is a parametric equalizer in VST, VST3, AU, AAX and RTAS format for Windows and Mac. It has selectable linear phase or minimum phase operation per band. The plugin is suitable for mixing and especially mastering and features 7 bands, including lowpass, highpass, peaking and shelving filters.

Every band can be set up to process stereo, L, R or (M)id and (S)ide channels. Processing the mid or side information can be very useful in certain situations. In mastering for example, it allows you to enhance a centered vocal while leaving the other instruments untouched. Or to center a bass without losing the stereo imaging of the rest. Adjustment of is made easy because the SMEQ allows for monitoring the LR or MS channels.

The plugin has a large graphical display that shows exactly what you get. The size of the plugin can be changed to your liking by dragging the lower right-hand corner.

The Sonoris Mastering Equalizer has an automatic as well as 2x, 4x or 8x manual upsampling mode. When upsampling, the SMEQ has an even more accurate response, especially at the higher frequencies.

- 7 band parametric linear phase equalizer
- Selectable linear phase or minimum phase operation per band
- Lowpass and highpass filters up to 48 dB/octave
- Peaking and shelving filters
- Stereo, L, R or MS processing and monitoring
- No pre-warping effects, that is, correct response up to Nyquist
- 2x, 4x, 8x or auto upsampling for an even more accurate response
- **Soft Engage** technology to prevent switching noise

- Mousewheel support
- A/B comparison
- Large graphical display with draggable handles for maximum control
- Spectrum analyser
- Three zoom levels
- Scalable user interface
- High resolution level meter
- Full automation possible
- Settings can be saved
- 64 bit internal resolution
- Windows 32/64 bit VST, VST3 and AAX versions
- Mac OS Universal Binary 32/64 bit VST, VST3, AU and AAX versions
- Mac OS Universal Binary and Windows RTAS versions
- Easy Online License Activation
- USB drive based license activation for offline computers
